

TransLink Management Report

Kevin Quinn, CEO | TransLink
November 28, 2024

There are only five months left until we need an approved 2025 Investment Plan.

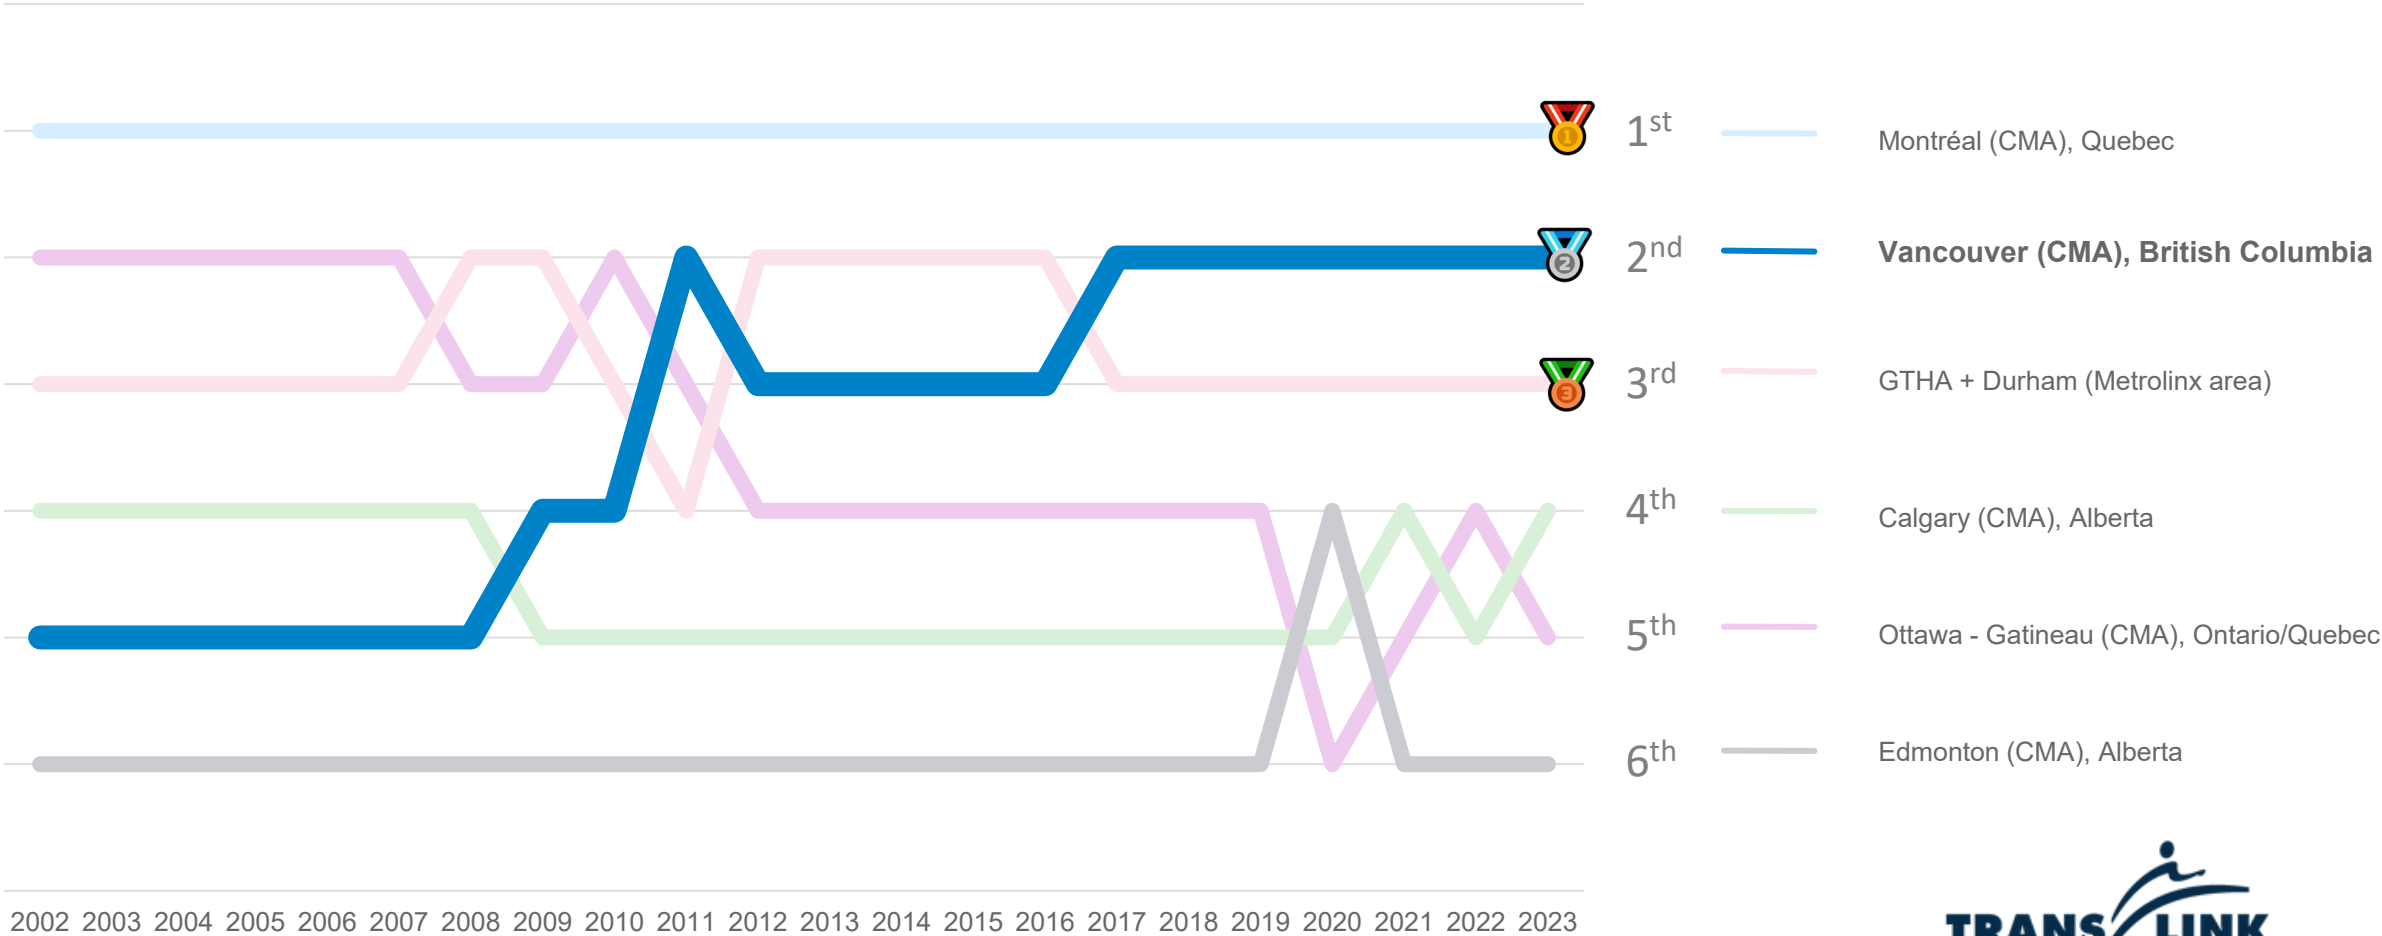

We've been making meaningful improvements to the transit system.

**We've expanded Metro
Vancouver's regional
bikeway network to
nearly 5,000 kilometers.**

We have the 2nd highest ridership per capita in Canada.

Transit is a catalyst for creating a better connected, thriving region.

Thank you
